

THE FORM TO BE FILLED WHEN YOU SEND YOUR MESSAGE BY POST

- You have from one line to 4 A4 sized pages (6,000 characters) to express what you wish to convey about yourself to your faraway descendants: your name, your age, your way of life, your daily routine, your dreams, your aspirations, your hopes and why not how you would like to reinvent today's world.
- Participation in KEO is free of cost and open to all. KEO guarantees complete liberty and confidentiality of expression. All the messages received, without undergoing any censorship, shall be stocked aboard the satellite KEO. The last date for collecting messages shall be communicated in the press and on the KEO website www.keo.org.
- Once KEO takes flight in 2013/14, each person shall have liberal access on the Internet (under certain protocols) to the splendid fresco of messages (made anonymous). By sharing each others' messages, a true image of our doubts and our values, KEO wishes to create a symbolic élan amongst the people living on this planet so that each one can contribute to the reflection and construction of a world that is more humane.
